

The BLOOD

I am supposed to share with us about 'B- Belief' which I will still do, but lets take a light look at it tonight.

If I cut you, what comes out?

Blood

What would you call a bloodless man?

A lifeless man.

And a lifeless man= a dead man.

Yeah.

Hence, physically we can deduce that blood is life.

Blood is focal representation of life

Physically still, blood carries oxygen (which man breathes) and also nutrients around the body.

Psalm: 104. 29. Thou hidest thy face, they are troubled: thou takest away their breath, they die, and return to their dust.

" For the life of every creature is the blood of it"

Leviticus 17:14

As long as we can see the utmost importance of blood to the physical, it will help us appreciate the spiritual work of the blood.

Remember when I said 'Prayer is a bloody affair'?* And when I said that 'I love You' isn't just romantic, its bloody?

Its because this two elements are essential to our LIFE.

When we get into it fully, we'll look at the place of the heart and the place of believing in all this.

Meanwhile, be reminded that when Jesus died and poured his blood for you, He poured His VERY LIFE into you.

You breathe like He does.

'Nutrients' are circulated in you as in Jesus.

HIS LIFE WAS POURED FOR YOU.

Think about it.

Thank you for your time.

Keep enjoying the blood!

Keep sharing the blood.

We are a bloody community.
